Kitchen Design Checklist

Key Points to Consider before a Kitchen Renovation

The idea of renovating your old, dated kitchen SHOULD be exciting! But many people tell us they feel a bit overwhelmed by the idea, especially in the beginning. Let's change that! Here is a checklist of questions to ask and ideas to think about that will help you organize your thoughts about a kitchen renovation.

They're broken up into 4 primary categories to keep things organized. We've intentionally left room for you to make notes on this list. Feel free to add in your own ideas or questions as well. Once you complete this checklist, the next steps will be much easier!

The Big Changes

This is the section where you'll identify the BIG changes you want to get from your kitchen renovation.

- ◯ What don't you like about your present kitchen? Be specific!

- ◯ What would you like to have in your new kitchen that you don't have now?

- ◯ Does your current kitchen layout work with your lifestyle?

◯ How many people will be using the kitchen?

◯ Do you have special requests like a desk, wine cooler or maybe a place for kids to do homework?

◯ Which is really important to you (cooking, entertaining, living space, storage/organization)?

What's Your Style?

This is the section where you'll answer questions about the kind of kitchen you'd like to have and what elements may be worth considering.

◯ Is there a style you would like to reflect? (modern, farmhouse , transitional, traditional, beach house , other)

◯ Do you have photos of kitchens you really like?

◯ Do you have a color scheme in mind (light, dark, white, grey, etc.)?

The “Nitty Gritty”

This is the section where you’ll address important details about the project.

◯ Are you keeping your appliances or replacing them? Which ones?

◯ Are you planning on replacing your floors?

◯ Do you have a preference for countertop materials (granite, stone, laminate, etc)?

◯ Do you need more counter space for cooking, meal prep or entertaining?

◯ Are there any special items you would like to prioritize storage or display?

◯ Do you have a contractor or are you interested in our construction services?

Money

“Can you give me an idea of what this is going to cost” might be the most common question we get. In addition to the items above on this checklist, here are a few other items to consider:

- ◯ Have you done major home renovation projects before to have a sense of how they go?

- ◯ Is this your “forever” home?

- ◯ Would a kitchen renovation increase your home’s value in the local market?

- ◯ Do you have funds available for the renovation or need to explore financing options?

What's Next?

This checklist has been developed over 90+ years of helping local New Orleans families get the kitchen of their dreams. And while checklists are a great place to start, nothing beats a consultation with our kitchen design experts. We're here to help you discuss the items on your list, narrow down selections, finalize a design and eventually get the construction done. We even help with financing. Please get in touch today to start the process!

About Singer Kitchens

Singer Kitchens has been building kitchens for 90+ years throughout metro New Orleans. We've been around so long that there's a good chance you know someone who's had Singer build their kitchen for them. We have 2 all-new showrooms in New Orleans and Mandeville, but we are also available via phone, text and online meeting to start the process whenever you're ready.

Visit **www.SingerKitchens.com** to learn more or find a showroom near you.
